

Rainbow Resource Co. October 2016 Newsletter

Seriously, it's October already?

It's time to think about those special Christmas projects you should get started on!

I've been taking advantage of the beautiful sunny weather we've been having up here on the North Coast to do some of my hand-dyeing. I've got appliques in lots of shapes and sizes and colors. They are perfect for embellishing vests, tote bags, t-shirts – let your imagination run wild! Prices range from \$2.00-\$6.50.

I've also dyed lots of shoestrings, and we've put together kits so you can make your own flying geese sweatshirt! The kit includes enough grommet tape, rickrack, the flying geese fabric, 2 shoestrings, and basic instructions for you to make

your own great sweatshirt jacket (sweatshirt not included).
Price for the kit: \$27.00.

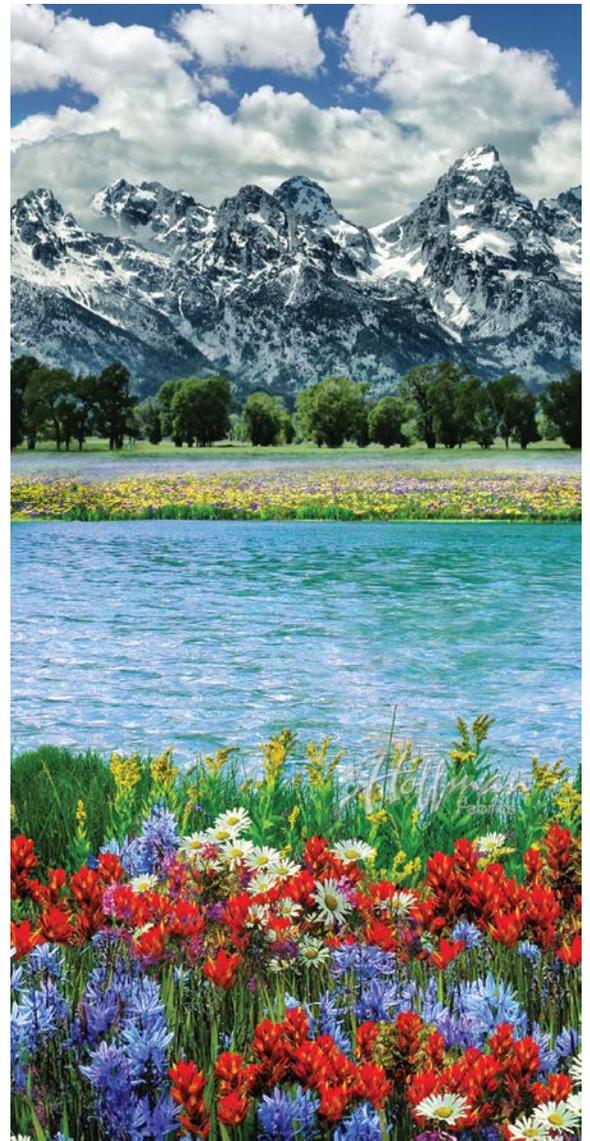

We've got a fun panel from Robert Kaufman of his Kona color chart – a great digital guide to help you match to the 300+ colors of the collection – plus it makes a great wall hanging in your sewing room!

2/3 yard panel - \$9

We've also got some amazing digital prints from Hoffman fabrics. Mystic Meadow is all swirly colors – truly stunning - \$16 per yard.

And the Hoffman Land That I Love – Spring fabric is breathtaking. You can almost hear the rushing of the river and smell the crisp, clean mountain air and the wildflowers!

One thought is to cut the various elements in the fabric apart – use the wildflowers in one landscape, the mountains or the trees in another.

\$16 per yard.

If you would like to place an order for any of these items – or if you have questions, give us a call – **707-937-0431**.

This coming week, October 13th-16th, I'm off to the ***Pacific International Quilt Festival*** being held in the Santa Clara Convention Center, 5001 Great America Parkway, Santa Clara, CA.

This is the **25th anniversary** of the show, and I've been there every year!

The show is open Thursday-Saturday from 10-6 and Sunday from 10-4.

My booth is #201 – it's inside the door and to the left at the front of the 2nd aisle. Do stop by and say "Hi" if you attend the show.

Happy Quilting!

**Best,
Charlene**
