Happy Spring!

If you missed seeing whales on the coast this year don't worry – we have some fabric that will bring those whales to you! Whales, fish, turtles and sea creatures galore! This Australian-themed fabric from Oasis has vibrant blues and purples and would make a charming quilt for a young person in your life – or a great table runner or tote bag or wall hanging... so many possibilities!

The companion fabrics I have are also vibrantly colored. I have the fish fabric in a color way that uses the same blues and purples, and in a color way that highlights the browns.

I love the multicolored seashells. And I can think of so many uses for the brown swirly fabric – what a great blender!

All of these fabrics are \$12 per yard.

Keeping with the ocean theme, I also have this wonderful panel from Robert Kaufman that features sea turtles happily swimming around. This is a hand-painted batik from the Artisan Batiks collection. Each of the two designs on the panel measures approximately 17" x 19". \$9

Picture four of these turtles as the focal points of a quilt with colorful flying geese or half-square triangles around the borders. A great gift for someone with a love of turtles or the sea.

And finally, because spring is the time to think about flowers and gardens, here's my solution to having a garden with no weeds... this Vibrant Garden panel! Just looking at this beautiful digital print calms my soul.

24" x 44" panel - \$8.50

And the companion fabric gives me the blue and purple hydrangeas I've never managed to grow – easy peasy!

\$12 per yard

I hope these fabrics have inspired you to jump into a new project! To order any of these fabrics – or to chat about other fabrics you need, feel free to give me a call at 707-937-0431.

If you happen to be in the Grass Valley, CA area on May 4th and 5th, I'll be at the Pine Tree Quilt Guild Quilt Show at the Nevada County Fairgrounds. (The show is open from 10 to 4 both days. For more information, go to their website at: pinetreequiltguild.com) If you come to the show, be sure to stop by my booth to say hi!

Best,
Charlene
