

Rainbow Resource Co. Late-April 2020 Newsletter

www.rainbowresourceco.com

Being able to walk out of the house and into nature has always been something I've taken for granted. The restrictions here on the North Coast in terms of accessing our beautiful state parks and reserves has made me realize how lucky we are to have so much lush green foliage and amazing textures in our landscape! I will remember to appreciate that as we hopefully inch toward a return to normal life – whatever that is.

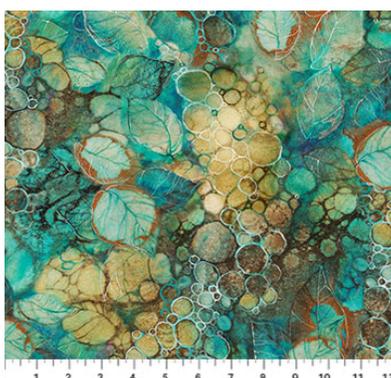

Thinking about trees, and since today is Arbor Day, I decided to feature a line from Northcott called Tree of Wisdom. The centerpiece of the collection is this stunning panel of a tree silhouette with shapes of leaves, roots and rocks creating so much texture! Panel: \$9.50

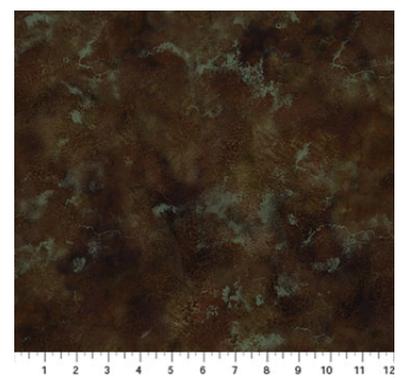

The companion fabrics are beautiful, as well. Such great fabrics for landscape quilting! \$14/yard.

I've got some other wonderful landscape fabrics, as well. These are from Northcott's Stonehenge line (one of my favorites). What I really love about these is they are ombres! I always feel like I'm getting several fabrics in one with ombres.

The color to the left is Blue Planet (49). It feels like you're looking out of the window of the International Space Station!

The color to the right is Twilight (67). This is ready to begin a landscape quilt where the sun has just gone below the horizon. Imagine some sparkly stars in the darkest part of the sky.

The granite texture of this fabric to the left – color is Graphite (95) – is perfect for rocks and stones.

And this fabric to the right – color is Slate (97) – reminds me of the cliffs on which our little village of Albion sits.

\$13 per yard.

To order any of the fabrics in this newsletter – or to chat about other fabrics or hand-dyed trims you need, feel free to give me a call at 707-937-0431.

I will be happy to ship your order to you; shipping is free with a \$50 order. Or, if you are local, we can arrange for you to pick up the fabric at my shop in Albion. You can let me know when you are coming, and I can have the fabric waiting for you as you drive up.

Best,
Charlene
