

# Rainbow Resource Co. July 2019 Newsletter

We've had some beautiful weather here on the coast recently – including some spectacular sunsets! And I have this gorgeous panel to share with you so you, too, can have your own sunset on the ocean! The panel is about 2/3 of a yard. \$8.50

To continue the ocean theme, I also have this companion fabric of water. \$12.50 per yard.

And because it's been so lovely outdoors, I've been able to get some dyeing done. I decided the water fabric needed some colorful fish, so I added a school! Fish are approximately 4-5" in length - \$6.50 each.

I also have some great digital prints from Timeless Treasures. The colors are so vibrant! Geo Ball (on the left), Butterfly Rainbow (center), and Spirit stripe (right) are \$13 per yard.

I've also been hand-painting fabric – and this batik turned out so beautifully! The batik itself is a dark blue – almost black. I think the colors on the birds add a graceful element. Fat Quarter: \$8.

And more birds – this time from Robert Kaufman - \$12 per yard:

And this companion fabric of birch bark, also \$12 per yard.

The swallows have inhabited our bird house – and there is a baby! I caught him yesterday peeking out of the hole – you can probably make out his beak.

He was making all kinds of fuss – and then his mom (dad?) flew up and fed him! Isn't nature amazing!

To order any of the fabrics in this newsletter – or to chat about other fabrics you need, feel free to give me a call at 707-937-0431.
