

Rainbow Resource Co. August 2016 Newsletter

Here on the North Coast our Farmer's Markets are in full swing. The Early Girl tomatoes are sweet and juicy and the cucumbers are enormous! Just the time of year to think about stitching up some projects using great market-oriented fabrics!

Here are some of the fabrics we're loving right now:

From Windham Fabric's *Locally Grown* collection, we have this great text fabric (in both white and black background). Wouldn't this make a wonderful apron – perhaps black with a white pocket?

\$12/yard

These colorful fruit and vegetable prints are 1-yard panels – each fruit or veggie section is a fat quarter. Such vibrant colors!! \$12/panel

Also from Windham, we have this great seed packet fabric. We can see this made up into a great grocery tote bag, or into potholders, placemats, or a table runner!

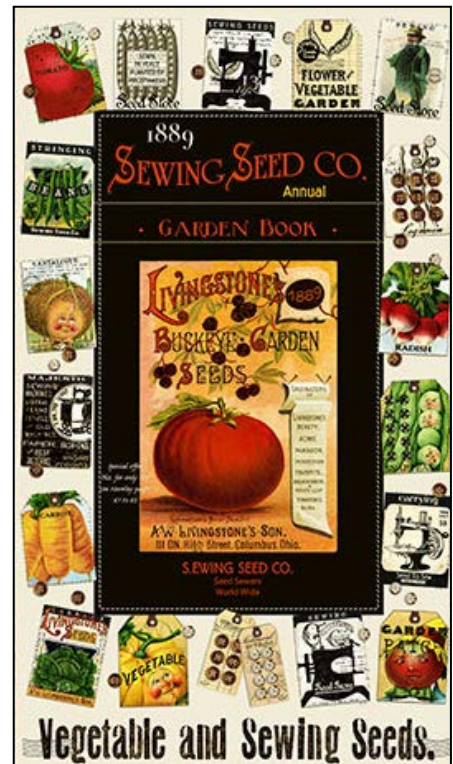

2/3 yard panel – 18 motifs - \$7.50

From Quilting Treasures' *Sewing Seeds II* line, we have more seed packets in the form of cute panels:

2/3 yard panels - \$8 each

And another great text print fabric - \$12/yard

Give us a call if you would like to place an order – 707-937-0431.

We hope late summer brings you a bounty of great sewing!

Best, Charlene
